

## Lab 2 – Conceptual Modeling

### Deliverable

Word or PDF File containing your work

### Set up

In this lab, you will apply the concepts learned in this week's lectures and readings.

### Steps

Create a blank document to record your answers to the questions called out below. Ensure your name is at the top of the document!

1. From your textbook, answer the following questions:
  - a. Page 102, 2-38 (all questions)
  - b. Page 102, 2-39 (pick any 2 questions to answer)
2. Submit this document.
