

# PATENTS AND INNOVATION

People are going down frivolous paths rather than innovating in big things that matter.

Only things that avoid lawsuits.

# ANDROID-RELATED LITIGATION SINCE 2010

Device makers under pressure to address Android's IP infringement

\*There are multiple Android-related lawsuits between these parties, and the date above is the date upon which the first suit was filed.

# SOME NUMBERS

Apple and Google spend more on patent lawsuits and purchases than they do on R&D  
For smartphones, more has been spent on them than seven Mars missions.
